“ My heart is broken hearing the news of Bert's passing. Bert was my saving grace for many years. We both were sent from our jobs in Birmingham to Atlanta at the same time. My Mother was gravely ill, I was having horrific panic attacks and we both heartbroken that we had been transferred from our jobs. Each weekend Bert would drive us back and forth so that we could come home to our families. When my panic attacks became so bad he would drive me to run errands because I couldn't any longer. We enjoyed our time together as trainers and learning about the CLASS system. He definitely went above and beyond to take care of me. I'm grateful for his friendship and all of the good times, laughs and tears we had together. He had a huge heart and love for his family. He was always talking about his parents & his sister. I am so very sorry that they have to experience this kind of pain. I am so happy he found the love of his life in Denise. May God be with you and comfort you during these difficult days.

God Bless,

My heart is heavy learning of Bert's death. Bert and I were trainers together in Birmingham. I quickly learned he was kind, compassionate, dependable, and smart. Also, I learned he had a deep love for his family and life in general. I Thought the world of Bert and treasure my memories of him. May God give all of you strength during this difficult time.
