“My thoughts and prayers are with you all. Danny was such a wonderful, loving and good natured man; loving to laugh and making it contagious to all those around him. He will be sorely missed.

Many years ago, Danny gave me a banana tree to plant in my yard. When it was planted, it was not much taller than two feet. Each year, it grows taller and taller. Now it grows 12 to 15 feet tall. That's just how Danny was....each year growing on you a little more and a little more. Each encountering giving a little more and a little more. Sometimes, I wondered how he had any love left because he always gave love and laughter to everyone. Although I have enjoyed my banana tree all these years, it holds an even more precious spot in my heart. Each time I look at it, it will service to remind me of Danny.

I couldn't be more honor to have called him my friend and have him call me his. Love to you all and a prayer that Our Heavenly Father will grant each of you peace in this time of loss and comfort in your memories of such a wonderful man.
