“ *Deborah had a way of filling a room when she entered. There will be an empty, lonely place where she has left. I can just picture her now with a glowing smile singing with the angels. Deborah had a hard struggle with COPD but it is over now and she is at rest, Our prayers are with all the family and friends that loved her. A donation has been made to the COPD Foundation in memory of Deborah.*

“ Saying goodbye to my little sister. Deborah was one with pure motives. She loved to laugh and make others laugh. She was a people person. Who else could receive a phone call and talk over 30 minutes about children, pets, and everything under the sun and when asked after the call ended who she was talking to, and it is a wrong number?? She didn't know the lady she was speaking with. Her childhood dream was to grow up and go to Clown College. While she never accomplished that goal, she did make everyone around her laugh. Usually, at her own expense, but she never seemed to mind. I love you, Deborah. You will be missed and always remembered. Until we meet again..... we have our hope in Jesus Christ.

“ *Deborah you were not only a wonderful sweet person you were my family member. We have been friends for over 40 years, you helped me raise my kids, you were their favorite babysitter and continued to love and comfort them even when they were old enough to take care of themselves. I will truly miss you and your beautiful smile. You always gave your everything to everybody and we never had to ask, you were just there willing to give and love asking nothing in return. thank you for everything. You will always be in my heart. Love you.*
