“ *Fred could be counted to always have a twinkle in his eyes with some sort of mischief brewing in his mind. I cannot remember a time when Fred wasn't smiling widely except those times of sorrow when he lost his parents and siblings to the inevitable end of life. He teased all of us, I guess, as a way of showing his affection. Oh, one other thing! I remember seeing a picture of Fred dressed to nines in female clothing down to an apron and scarf on his head for a school affair - looked pretty funny to me as a young girl! And he was grinning in that picture as well. I know that he will be happy to see his family that has gone to heaven before him. Just as I also know that he will be missed by his children, grandchildren, great-grandchildren and all the family that he so loved. But, I bet he is still smiling with that twinkle of mischief in his eyes still loving them while hugging the rest in their reward.*
