“Gene was the nicest guy ever. Every time he answered the phone in the lab, you could tell the kindness in his heart, always there to help. When I saw him in the hall, he always spoke and used my name. Although I didn't know him outside of work, I can say that he always generated a sense of joy around his peers. May the peace that only God can grant, be with this family on this sad day. I pray they will rely on God's peace, as they move through this life, knowing that one day they will be reunited.

*Blessings,
