“ *My sweet sister was my nursemaid when I was a baby and also for my baby sister. There is a picture of her carrying one of us on one hip and one on the other hip. She was eight years and eight days older than I. I have always been very close with her and loved her very much. She looked up at me and said I love you very much. Then she said Tell Anne I love her too. By her saying tell Anne I love her too I knew that she recognized me. That will stay with me till the day I die. May God rest her soul and reserve a special place for her in the Celestial Kingdom.*

“ I remember Aunt Marjorie coming by to visit a relative when they were in the hospital. She had a way of brightening up the room with her sweet and bubbling personality. She would always say a prayer before she left. She was a precious lady and I know she is celebrating in Heaven now with Uncle Felie and the other family members that are there.
